THIS IS A GOOD TEXTBOOK FOR COMBINED SCIENCE - FORM 2

Here are the reasons why you should have this book:

1. Each chapter has at least 10 multiple choice questions, 3 structured questions which calls for short answers and each question is divided into different parts. Each structured question is out of 10 marks. There are at least 2 Practical Questions at the end of every chapter. Quiz/True/false/ puzzles/word matching questions are also part of the revision exercises.
2. The book has got 3 full examinations. Each is set at the end of every section that is Biology, CHemistry & Physics. The exams guide and prepare learners to face their first term, second term and or end of year summative assessment.
3. The book is full of clear and robust experiments which include; aims, procedures, diagrams, results/observations, questions etc.
4. Each and every chapter is broken down into units. Major subheadings are treated as units and at the end of each unit learners find some exercises.
5. The book uses simple language to understand (sometimes information is presented in point form for easy comprehension)
6. Its content arranged from known to the unknown.
7. The language is appropriate for the level of the learners.
8. Appropriate learning area terminology is used in the book.
9. Appropriateness of the various registers and simple expressions.
10. The content suits the level of the learners.

CONTENTS

Chapter 1	Types of Variation.....	1
Unit 1.1	Variation.....	1
Chapter 2:	Nutrition.....	10
Unit 2.1	Interdependence of plants and animals	10
Chapter 3:	Respiratory Systems.....	17
Unit 3.1	Respiratory organs.....	17
Chapter 4:	Transport Systems.....	24
Unit 4.1	Root structure	24
Unit 4.2	The circulatory system.....	27
Chapter 5:	Reproductive System	34
Unit 5.1	Sexual reproduction in plants.....	34
Chapter 6:	Health and Diseases	40
Unit 6.1	Health and diseases	40
Examination I	Paper 1.....	46
Examination I	Paper 2.....	49
Examination I	Paper 3.....	51
Chapter 7:	Separation of substances	53
Unit 7.1	Methods of separating mixtures	53
Chapter 8:	Matter.....	64
Unit 8.1	Concentration of solutions	64
Chapter 9:	Acids, Bases and Salts	68
Unit 9.1	Acids and bases.....	68
Unit 9.2	Salts	69
Chapter 10:	Industrial Processes	75
Unit 10.1	Manufacturing of soap	75
Chapter 11:	Oxidation and Reduction.....	79
Unit 11.1	Oxidation	79
Unit 11.2	Reduction.....	79
Chapter 12:	Organic Chemistry	84
Unit 12.1	Burning.....	84

Examination II	Paper 1	88
Examination II	Paper 2.....	90
Examination II	Paper 3.....	91
Chapter 13	Presentation	92
Unit 13.1	Line graphs	92
Chapter 14	Measurement.....	99
Unit 14.1	Physical quantities	99
Chapter 15	Force	108
Unit 15.1	Resultant force	108
Chapter 16	Machines	116
Unit 16.1	Simple machines	116
Chapter 17	Energy	122
Unit 17.1	Energy.....	122
Chapter 18	Magnetism and Electricity.....	130
Unit 18.1	Magnetism.....	130
Unit 18.2	Electricity	166
Examination III	Paper 1	141
Examination III	Paper 2.....	144
Examination III	Paper 3.....	145
INDEX		147
