- 1 (a) State any **two** purposes of preparing a trial balance.

[2]

- (b) The trial balance of Ashlin, a sole trader as at 31 January 2024 failed to agree. The debit balance exceeded the credit balance by \$48. The draft income statement showed net profit of \$1 100.

Investigations revealed the following errors:

1. Goods costing \$40 taken by Ashlin for personal use were not recorded in the books.
2. The discount received total was overcast by \$20 and the discount allowed total undercast by \$20.
3. A cash payment of \$35 for electricity was debited in the subsidiary book and credited in the ledger.
4. Equipment purchased for \$220 by cheque during the year ended 31 January 2024 was debited in the general expenses account. A full year's depreciation of 10% per annum on cost is charged in the year of purchase.
5. Cash received for rent \$62 was correctly entered in the cash book and debited in rent paid account as \$26.

Prepare:

- (i) the journal entries to correct the errors above. (narratives not required).

Examiner's
Use

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be a standard notebook page.

- 4 (a) State any **three** uses of absorption costing.

[3]

Jully Limited uses absorption costing system. The following budgeted information is available:

	\$ per unit
Selling price	40
Direct materials	13
Direct labour	9
Variable manufacturing overheads	3
Fixed manufacturing overheads	5
Variable selling expenses	2

The budgeted monthly fixed manufacturing overheads are \$33 000.

The budgeted production is 6 600 units per month.

The actual results for January 2024 and February 2024 are:

	January 2024	February 2024
Sales (units)	6 500	6 900
Production (units)	6 200	7 100

Inventory on 1 January 2024 was valued at \$24 000.

- (b) Prepare the absorption profit statements for January 2024 and February 2024 showing the inventories and over/under absorption of overheads.
